Parkside Primary School PE and Sport Premium Funding Report 2022/2023

SECTION 1A – EVALUATION OF IMPACT/LEARNING TO DATE

Name of school: Parkside Primary School

Academic Year: 2022/2023

In previous years, have you completed a self-review of PE, physical activity and school sport?

Have you completed a PE, physical activity and sport action plan/ plan for the Primary PE and Sport Premium spend?

Yes Is PE, physical activity and sport, reflective of your school development plan?

Yes Are your PE and sport premium spend and priorities included on your school website?

Yes

SECTION 1B – SWIMMING AND WATER SAFETY (self-rescue focus)

Swimming is an important skill and can encourage a healthy and active lifestyle. All Local Authority schools <u>must</u> provide swimming instruction either in key stage 1 or key stage 2. The <u>programme of study for PE</u> sets out the expectation that pupils should be taught to:

- Swim competently, confidently and proficiently over a distance of at least 25 metres
- Use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]
- Perform safe self-rescue in different water-based situations.

Swimming and Water Safety	Figures will be added in
	the Summer term 2023.
What percentage of your Year 6 pupils could swim competently, confidently and proficiently over a distance	79
of at least 25 metres when they left your primary school at the end of last academic year?	
What percentage of your Year 6 pupils could use a range of strokes effectively [for example, front crawl,	79
backstroke and breaststroke] when they left your primary school at the end of last academic year?	
What percentage of your Year 6 pupils could perform safe self-rescue in different water-based situations	79
when they left your primary school at the end of last academic year?	
• Schools can choose to use the primary PE and sport premium to provide additional provision for swimming	Yes
but this must be for activity over and above the national curriculum requirements. Have you used it in this	
way?	

SECTION 2 – REFLECTION: WHAT HAVE WE ACHIEVED AND WHERE NEXT 2021/2022

Proud to be Parkside

Key priorities to date:	Key achievements/What worked well:	Key Learning/What will change next year:
Ensuring all children have regular and high- quality P.E lessons with a range of sporting activities.	Teachers across the school have continued to develop their expertise in a range of different sports. Specialist staff has continued to deliver and support staff to teach relevant skills and develop experience in the subject. Daily activities and whole school challenges also engaged and motivated children.	Staff will continue to develop their expertise in all areas of the P.E curriculum and understand the responsibility they have to educate children regarding their physical health. New members of staff appointed will be supported by specialist staff and be able to deliver quality provision in specialist areas.
Improve the rate of progress for all children within sport by embedding 'concepts' into the planning and delivery of P.E.	The creation of progression grids for P.E has been completed and have helped to support the planning and delivery of effective P.E lessons within school. Continually reviewing the use of key concepts and discussions in whole staff meetings.	Continual development of the school curriculum working closely with school staff to discuss and share ideas.
Improve the desire for children to be fitter and healthier due to obesity increase and to instil a passion for physical activity.	Moki fitness trackers have been trailed; however, they still need more time to be embedded into everyday life at school. The 'challenge' board created on the P.E board was a success and the children enjoyed the challenge against the other classes. The sense of competition motivated and inspired the children to become more active without directly focusing on developing fitness.	Moki fitness tracker wristbands need more time to be embedded and used on a consistent basis to provide return for money and also allow them to achieve their intended objective. Competition board needs to be continued and new challenges need to updated quickly to provide constant challenges for the children.

Proud to be Parkside

Improve the pupils love of different sports	The school has continued to promote different sports to children within the school setting through P.E lessons. With the current situation that we are living in, inviting clubs and outside agencies into school has been difficult because of the restrictions that have been in place. Towards the end of the year, we were able to get children outside of school to experience different activities such as climbing and skiing. This was amazing for the children and will look to be continued.	We will continue to push to provide the children with as many opportunities as possible to promote that love of different sports, whether in or outside of school.	
Improve the pupils understanding of competition	As a school we managed to promote competition in school as much as possible with the COVID restrictions only just lifting. Again, with the COVID restrictions, this hampered any external competitions with local clubs as they were cancelled until later spring and summer terms. The P.E challenge board promoted a level of competition within school and this is something to continue.	We aim to get as many children involved into competitive sports both internal and external. Also, daily and weekly challenges within school need to continue.	
For pupils to understand that good physical health contributes to good mental wellbeing	Supporting the children with their self- esteem and emotional wellbeing is of great importance at this current time. Staff and children are aware and used the Yoga scheme that was provided whenever they	Promoting this resource needs to be continued and embedded into timetables (30 minutes sessions weekly) so that we are making the most of the resources and promoting a good physical and mental wellbeing.	

Proud to be Parkside

Parkside Primary School PE and Sport Premium Funding Report 2022/2023

	feel that it was needed within their classrooms.	
To have good quality equipment for pupils/staff to use in lessons.	Regular checks of PE equipment were completed throughout the year to make sure that supplies are suitable for the sports delivered. Damaged equipment has been removed and replaced whenever necessary to allow teachers to teach a lesson to its full potential. Also, lunch time boxes have been created to allow children to have access to equipment available at all times. These have been a success with the children using this equipment whenever possible, developing physical fitness, skills and controlling behaviour.	Lunch time boxes need to be maintained and continually refreshed whenever needed. Regular audit of equipment needs to be completed to check equipment allowing for maximum effective delivery of P.E lessons. Play leaders and sports leader will also be set and receive training in order to guide play and games during break times.
To ensure all pupils in KS2 have the opportunity to go swimming for a half term.	Despite the restrictions in place children from year 6 and year 5 were given the opportunity to take part in swimming lessons at an external location. They were provided with enough time and support to develop their skills and water confidence.	Swimming will continue to be offered to children to experience the program for at least a half term period. Assessment of children during this process will continue to fall in line with guidelines and expectations.

SECTION 3 – PLANNING FOR 2022/2023

Proud to be Parkside

Academic Year: 2022/2023		Total fund budgeted: £18,900					
А	В	С	D	Е	F	G	Н
PE and Sport Premium Key Outcome Indicator	School Focus/ planned Impact on pupils	How we will achieve this	Planned Funding	Actual Funding	Evidence	Actual Impact (following Review) <i>on pupils</i>	Sustainability/ Next Steps
Quality of teaching for all Improve the rate of progress for all children within sport	CPD opportunities for Unqualified teachers in KS1 and lower KS2 and ECT teacher in KS1.	Keri Lees (experienced coach) from Stafford Sports will work closely with members of staff modelling high quality PE session for all children. Class teacher gains knowledge and skills of sports such as multi sports/ gymnastics and net and athletics.	£3,000	£3,400	Kerri Lees lessons, New sports clubs on offer, New sports taught in teacher planned lessons.	Pupils are being offered a wider range of sports within PE lessons from both KL and class teachers. They are also being offered a variety of clubs as staff feel more confident to run and deliver new sports.	Discussions with whole staff to ensure we continue to focus on new areas and sports, covering as wider range as possible at a high quality. Alongside supporting teachers in new year groups ad curriculum.
Quality of teaching for all Improve the rate of progress for all children within sport	CPD opportunities for class teachers in dance.	Beth McGill (a professional dance teacher) will continue to come into school to work closely with children using her expertise to teach children how to dance. She will also continue to use her expertise to run after	£3600	£3,600	Dance club Lessons covering KS1 and KS2 Dance competition Gotta Dance Show and travel to dance studio	Pupils were offered the opportunity to show creativity through dance in both PE lessons and afterschool clubs. Some were also given the opportunity to	Lessons and afterschool clubs will be available again next year.
