Our Parents!

To help my child stay safe using the Internet,

- I will do my best to:
- Monitor my child's use of the Internet outside school using any technology for example games consoles, mobile phones, laptops and tablets by adhering to our Acceptable Use Policy.
 - Discuss e-safety issues with my children, supporting the school in it's e-safety approaches and reinforcing appropriate behaviour at home.
 - Liaise with school if they suspect or have identified that my child is conducting inappropriate behaviour online.
 - We strongly suggest that you do not let your child lie about their age and access social networking sites e.g. Facebook which are designed for older children and adults.
